

# The Bluewater Bugle

Newsletter of the Owen Sound, Ontario, Canada Y Service Club

Motto: "To Acknowledge the Duty That Accompanies Every Right"

November 5, 2008

Editor: Ed Bull

## CORRECTION

In the previous newsletter we incorrectly indicated the date as November 16, 2008. This should have been October 16.

As I used to say to my students at OSCVI "the only person who has never made a mistake is someone who never did anything".

\*\*\*\*\*

We are gradually getting the publicity and organization together for the Information Meeting.

1. Ye Editor is to be on Roger's Cable on Friday, Nov. 7 at around 10:30 am. Since he is better on radio than on TV, I suggest that you try to turn off the picture and listen to the sound.

2. The radio performance is at around 12:40 pm on Wednesday, Nov. 12.

We have also distributed flyers in other strategic places. If you can use some of these please feel free to give me a call or e-mail. We produce these as required to do our bit to help save the environment.

Fortunately the Canadian Dollar is recuperating lately so our funds should pay for more malaria kits.

Don't forget to set aside Thursday November 13 at Central Westside United Church for the meeting and bring a friend or associate.

ROLL BACK MALARIA

THANKS FOR YOUR SUPPORT,  
AS WE WORK TO BUILD A BETTER WORLD FOR ALL HUMANKIND

## MEMBERSHIP

With Brian and Sharon in Costa Rica and two other non-local members we are certainly in need of a membership "boost".

The Roll Back Malaria and Light Up Costa Rica projects are certainly ones that should create excitement and a desire to share in it.

We also now have the possibility of getting to know our new friends in the Caribbean Region which is now a part of the reconstituted Canada Caribbean Area.

How would you like to visit Jamaica, Trinidad and Tobago, Aruba or Barbados in January or February instead of shoveling the snow here?

\*\*\*\*\*

## BROTHERHOOD FUND TRIPS

There are three into the Caribbean Region from Canada and these are sometime between January, 2009 and June, 2010.

There are also three possibly coming to Canada from the Caribbean during the same time span.

Contact Ye Editor for further information.
